Should such a vacancy occur, you and all other applicants who declared a similar committee preference will be contacted and invited to attend an upcoming committee meeting. Prior to interviewing and appointing any member to a board or committee, the Board of Selectmen/Town Administrator/Moderator, prefer to receive a recommendation from the committee on which you wish to serve.

*The goal of the Town is to appoint qualified and interested residents who are broadly representative of the Town.*

There are often more candidates than available open seats. If you are not appointed to the desired committee seat, you will be contacted by the Executive Assistant of the Board of Selectmen to determine if you desire to keep your volunteer application on file and to: submit to a future interview for a seat on the same committee should a vacancy occur during the year; consider a new interview for an appointment to a different committee; or choose to withdraw your name.
